

# Kayode Toluhi

**Experienced Software Developer | GO, React, Vue Ecosystem | Frontend Engineer & Mobile App Developer**

Proficient in React, Next.js, React Native, Vue.js, and TypeScript, with a strong background in Golang for backend development. Experienced in building diverse software solutions, including e-hailing platforms, hotel management systems, employee management software, and workflow automation systems for private companies. As a detail-oriented and patient engineer, I focus on crafting pixel-perfect UIs and building robust, scalable architectures.
